Subject Possible Repository

Helen & Trish:

Understanding that you folks are very busy, I thought I'd take a virtual drive around Dimock and see if I could at least make a suggestion for a repository.

I came up with the Main Library in Montrose, PA. <http://susqcolibrary.org/> Phone 570-278-1881.

It is 6.6 miles away from Dimock and appears to have reasonable hours of operation. It is located in Montrose, PA which (as I'm sure you know) is the county seat of Susquehanna County.

You're on the ground - so you have much better visibility as to what will actually work best - but I thought it couldn't hurt to try and help out.

Thanks,

Paul
